

# HOW TO MAKE PAYMENTS TO THE INTERNATIONAL CERAMICS STUDIO

## DEPOSIT

To confirm all places for artists in residence or mastercourses we require a deposit payment of 50% transferred to our bank account.

All balance payments for accommodation are payable on or before arrival.

For Artists in Residence - payments for materials and firing costs are payable at the end of your residency.

When you are here it is also better to withdraw cash from ATM machines instead of changing cash for cash. The exchange rates are better even taking the commission into account.

Travellers cheques are not easy here as only certain banks will exchange them.

## RECEIPT

A receipt will be made after we receive the payment. The address used will be the address you registered online with. If you require a different Billing Address on the receipt, please email us with the details.

We can only accept payment by bank (wire) transfer in advance of your arrival or in cash (Hungarian Forints) on your arrival. Whichever is the best for you.

If your bank cannot transfer in HUF then please transfer the amount in Euro and our bank will convert.

Depending on the transfer fee your bank will charge it may be better for you to transfer the total accommodation money at the same time as the deposit. Please notify me if you decide to do this.

By experience you will always get a better exchange rate if your transfer money directly between banks. We have recently been using a new service - [www.transferwise.com](http://www.transferwise.com). This is a very efficient, secure and cheap way to transfer money.

This information is for making payments to the International Ceramics Studio by direct bank transfer. We will email you confirmation that is is here and exactly how much the transfer was. (This will depend on the daily banking rate between Hungary and your home country).

These are all the details you bank will require to complete the transaction. If you need more information please contact Steve on [icshu@me.com](mailto:icshu@me.com).
